COMPETENCE PORN

"In 2026, when it feels as though the world is moments away from any number of disasters, there is nothing hotter than watching someone do their job really, really well."

-The Guardian

Competence porn is the hot trend of escapist entertainment found in watching good people do their work masterfully. Whether it's The Great British Baking Show or The Pitt, audiences crave competence.

And when it comes
to food, nobody is
more competent
than a nonna.

A Southern Meemaw from Georgia
cooking chicken and dumplings.

A Greek Yaiyai from Chicago
preparing dolmades and avgolemono.

A Polish Babcia from Indiana
cooking pierogi and golubki.

A Vietnamese Ba from Houston
making pho and banh mi.

A German Oma from
Texas making schnitzel.

A Japanese Oba-chan from
Oakland serving ramen.

A Jewish Bubbee from Brooklyn
cooking kugel and brisket.

A French Meme from Quebec
preparing cassoulet.

An Indian Nani from

A WORLD OF CULTURES.

A WORLD OF FOODS.

COUNTLESS NONNAS
